Description

Site Link: <https://falaqfood.com/>

Reproducing Steps:

- Go to Falaq Food storefront site.
- Find Stock Out products. [*Dates (খেজুর)* page has some]
- Check card's UI.

*Current Result: *'Stock Out' word is not visible clearly.

*Expected Result: *'Stock Out' should be clearly visible and easy to understand.

- <> **QA Suggestion:**
 - 'Stock Out' can be placed in the place of 'Add to Cart' button and button can be disabled and light red color.
 - 'Read More' button is very unprofessional. Remove it. Customer can view the product by clicking the image or a new button can be added as 'View Details' if needed.

Screenshot Explanation:

1. Stock Out is not clearly visible and Read More button seems unnecessary.

← Dates (খেজুর)

1. For example, Ghorer Bazar has disabled the button and product can be viewed by clicking the image.
