Sprint:	
Start date:	18/Aug/26

Go to: [Natural and Organic Food at the Best Price | Falag Food]<https://falagfood.com/>

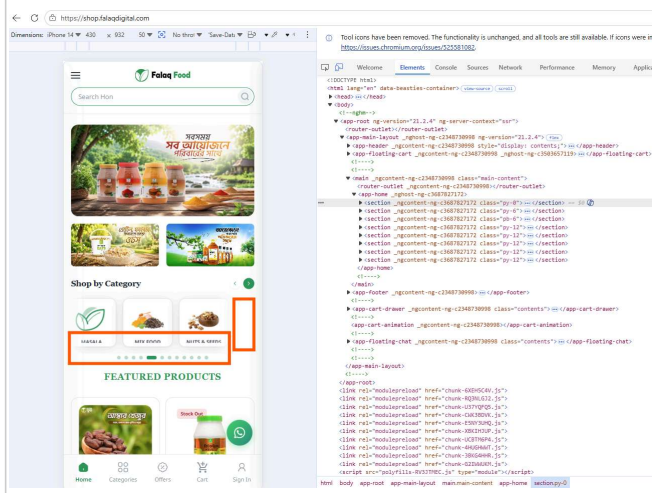

- Go to Falaq Food storefront site.
- Go to home page and check category slider UI.
- Check category slider responsiveness.

Expected Result: Slider should be at middle and responsive and slide properly.

Impact: Sliding issue in mobile, can't see category names properly and UI looks bad.

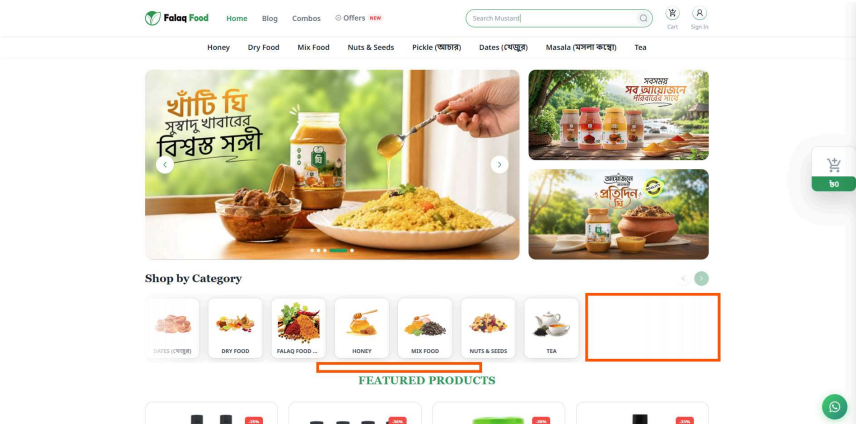

Comment by [Akib Rahman](#) [18/Aug/26]

Screenshot 1: Mobile view has UI gaps, naming UI issue also sliding problem.

Comment by Akib Rahman [18/Aug/26]

Screenshot 2: Web view has UI issue and sliding not working at all.

Comment by Akib Rahman [18/Aug/26]

Please check out this bug Foysal Ahammed
